Le bloc caché est un jeu très amusant
qui consiste à trouver le bloc caché qui
est caché héoui! autour du refuge.
Rien ne le distingue des autres
Rien n'indique si vous l'avez trouvé
Vous n'avez rien à y gagner
Allez, Amusez-vous bien!

M - Plutonium

A hand-drawn map of the Western Hemisphere, including North and South America, with arrows indicating the flow of Plutonium. The map is divided into several regions by wavy lines. Arrows point from the central and southern regions towards the northern regions. A small inset map on the right shows the entire globe with a black arrow pointing from the Western Hemisphere towards the Eastern Hemisphere. The text 'PLUTON SUR FIARS' is written in the bottom right corner of the main map. The number '8' is written in the bottom left, and the number '7' is written in the bottom right. A blue square is located near the number '8', and a yellow square is located near the number '7'.

P - Uranium

The diagram is a hand-drawn geological map of a region labeled 'P - Uranium'. The map shows various geological features including faults, folds, and different rock units. Arrows indicate the direction of movement or flow. Key labels include 'PAS' on the right, and numbers 5, 5', 6, and 7 marking specific locations. The map is drawn on a piece of paper with a wavy, torn edge.
